

Vision

The Ministry of Education is dedicated to realize a goal of achieving "Success for All" in a diverse and increasingly competitive international environment. All educational reforms depend on the cooperation from central and local governments and schools. Educational reforms are divided into four main policies.

The four main policies are: "forming modern citizens, building Taiwanese identity, developing global views, and social concern". The main emphases of the policies are:

To form literate citizens who can think independently and have self-esteem;

To form loyal citizens who have a good understanding and appreciation of Taiwanese culture;

To form global citizens who has a global world vision;

To form just citizens who respect law and order.

Through these efforts, the MOE prepares students to face international challenges by emphasizing literacy, developing Taiwanese identity, strengthening competitiveness, and enhancing sense of social responsibility.

The Ministry of Education not only do its best to ensure equal educational opportunities for the general public, but also provides high quality education to those in needs of special attention. With full participation of members from different levels, a more complete picture is formed for Taiwan education reform.
